

Little Wonders Rolleston Philosophy

Our team nurture children's individual development through a thoughtful curriculum woven with Manākitanga (kindness & aroha), curiosity and wonder

Our learning spaces are welcoming, culturally responsive and a safe space for everyone

We value play-based learning and wonderful rituals and traditions with a special focus on Kaitiakitanga (guardianship of the natural world)

**Children
are at
the
heart of
all that
we do**

Our curriculum is thoughtfully woven with whānau aspirations for their tamariki, and this is responsively documented in each child's unique learning journey

We provide a safe, predictable, and consistent environment that is responsive to individual children's learning rhythms

We grow trust-based relationships with both whānau and children so that each child is celebrated and nurtured to their full potential
